has successfully completed the online, non-credit Specialization

Web Design for Everybody: Basics of Web Development & Coding

This Specialization covers how to write syntactically correct HTML5 and CSS3, and how to create interactive web experiences with JavaScript. Mastering this range of technologies will allow you to develop high quality web sites that, work seamlessly on mobile, tablet, and large screen browsers accessible. During the capstone you will develop a professional-quality web portfolio demonstrating your growth as a web developer and your knowledge of accessible web design. This will include your ability to design and implement a responsive site that utilizes tools to create a site that is accessible to a wide audience, including those with visual, audial, physical, and cognitive impairments.

Advanced Business Analytics

In this specialization learners developed a comprehensive understanding of the entire lifecycle of analytics that they can apply to grow your business, increase profits, and create maximum value for shareholders. They gain such data analytics skills as extracting and manipulating data using SQL code, executing statistical methods for descriptive, predictive, and prescriptive analysis, and interpreting, presenting and discussing analytic results.

Strategic Management and Innovation

This Specialization explores the evolving world of business strategy, focusing on the increasingly important roles of design, user experience, and innovation in shaping competitive advantage. You'll learn about concepts such as goal setting, value creation, global integration, and diversification, and you'll critique classic theories and frameworks in the context of new business realities. In the final Capstone Project, you'll create and defend a holistic business strategy in response to a realistic case study prompt.

Rob Austin, Professor, Management of Creativity and Innovation
Marcus Møller Larsen, Assistant Professor, Strategic Management and Globalization
Nicolai Pogrebnyakov, Associate Professor, International Economics and Management
